

4. Under Rhode Island law, the use of marijuana is illegal, including for medical purposes. Currently in the Rhode Island Legislature, there is a bill pending that would allow people with cancer, AIDS, and other serious illnesses to use and grow their own marijuana for medical purposes, as long as their physician approves. Do you support or oppose this bill?

8. If your state representative and senator voted for the bill to allow people with cancer, AIDS, and other serious illnesses to use and grow their own marijuana for medical purposes with the approval of their physician, would you be more likely or less likely to vote for them, or would this make no difference in your vote?
